

Policy for the future:

■ MHI Group's Declaration on Biodiversity

Recognizing that our business activities both depend on and have potential to impact biodiversity and natural capital, MHI Group aims to realize the vision of a world that lives in harmony with nature by 2050 and declares that we will undertake the initiatives to conserve and restore biodiversity and natural capital.

Initiatives

1. Identify dependencies and potential impacts of Group business activities on biodiversity and natural capital
2. Strive to mitigate negative impacts on biodiversity and natural capital in all aspects of our business activities, including product R&D, design, procurement of raw materials, manufacture, transport, usage, service, and disposal
3. Recognize that biodiversity loss and climate change are closely linked and treat biodiversity loss as one of the most important management issues together with climate change
4. Promote recovery of nature and revitalization of regions through environmental stewardship initiatives to preserve biodiversity and natural capital
5. Share knowledge through collaboration with stakeholders to improve effectiveness of initiatives for biodiversity and natural capital
6. Raise awareness on biodiversity and natural capital among all Group employees through environmental education
