

# THE FEDERATION OF ELECTRIC POWER COMPANIES

<https://www.fepec.or.jp/english/>

## Policy for the future:

THE FEDERATION OF ELECTRIC POWER COMPANIES formulates “The guidelines for biodiversity activities in electric power companies” and will still make efforts for keeping biodiversity through the activities based on the guidelines by member companies such as the collaboration with the area in forest preservation or the environmental education.

For “The guidelines for biodiversity activities in electric power companies”, please refer to the following URL.

<https://www.fepec.or.jp/environment/3r/seibutsu/index.html> (Japanese Only)

For the activities of the member companies, please refer to the following URLs.
